INTERVIEW SUMMARY

Examiner Lanier contacted the Applicants' representative, Ashok Mannava, to discuss Examiner Lanier's proposal to combine dependent claim 15 with each of the independent claims to place the application in condition for allowance. In an interview conducted on November 30, 2011, Mr. Mannava declined the proposal to combine dependent claim 15 with the independent claims. Mr. Mannava indicated that claim 15 should be indicated as including allowable subject matter in the next communication from the USPTO because Examiner Lanier indicated claim 15 includes allowable subject matter by his proposal.

The amendments to the independent claims filed in the Response dated November 21, 2011, were also discussed. Examiner Lanier agreed that the amendments overcome the current rejection, because Wisner in view of Parenty does not disclose the same computer/content server receives the shared secret twice in two forms.
